Extra Video Notes (Notes)

Title of Video:

Directions:

Listen carefully to the video. Use the space below to record important information pertaining to the topic. Take notes: abbreviate often, omit insignificant words, focus on the main points only. Your notes should cover the entire length of the video. Use bullet points. **Add more if necessary.** Feel free to use the backside of this handout. **Keep this handout, along with all other extra credit video notes in the NOTES section of your binder until the due date, which will be set towards the end of the card-marking.**
